COUNTY OF LOS ANGELES

HALL OF JUSTICE

JIM McDONNELL, SHERIFF

Good evening Mr. Mayor and members of the City Council. I am here tonight to present the Public Safety Report for May 7<sup>th</sup> through May 20<sup>th</sup>.

On May 9<sup>th</sup>, around 2:30 PM, Deputy Ojeda stopped a car on Grevillea Avenue and 172<sup>nd</sup> Street for tinted front windows. When he contacted the driver, he smelled a strong odor of marijuana, and he saw several canisters of marijuana inside of the car. Deputy Ojeda searched the car and found a gun hidden in the steering column. The gun was later found to be stolen. The driver had three prior felony convictions. He was arrested for a felon in possession of a loaded and stolen firearm.

On May 10<sup>th</sup>, around 3:50 PM, Deputy Honea responded to a vandalism call on the 4600 block of 161<sup>st</sup> Street. A female had kicked and punched a U-Haul truck, damaging it. When Deputy Honea arrived, the female was pointed out by a witness. She attempted to flee the location on a bicycle, however, Deputy Honea caught her and arrested her for the vandalism.

On Wednesday, May 16<sup>th</sup>, around 8:30 PM, an intoxicated driver rear ended an unoccupied parked vehicle at 166<sup>th</sup> Street and Inglewood Avenue. Redondo Beach PD arrived and found the driver to be combative and under the influence of a controlled substance. The suspect bit one of the Redondo Beach PD officers. A Redondo Beach PD Officer fired the Taser darts at the suspect, which struck him, but had little effect. Deputy Honea assisted in taking the suspect to the ground. The suspect was arrested for the assault and additionally charged with possession of a controlled substance.

On Thursday, around 1200 hours, an assault occurred at a residence located on the 4500 block of 173<sup>rd</sup> Street. There was a dispute over money, and three suspects, one of which happened to be the victim's sister-in-law, pepper sprayed the victim and beat her up. The victim was taken to the hospital for treatment of her injuries.

This concludes my report and I would be happy to entertain any questions you may have.
